DIV. OF OIL, GAS & MINING

4. Briefly describe the type of work performed, volume of material moved, and any new or additional surface disturbances that occurred during the past year.

Mined raw tar sands from
existing disturbed area.

5. How much additional acreage was disturbed during the past year? 0
6. How much acreage was reclaimed during the past year? 0
7. Briefly describe the reclamation work performed during the past year. This description should include methods employed, and an evaluation of the results.

8. What is the total disturbed acreage of entire project at years end? 17 acres

9. Briefly summarize any mining and/or reclamation plans for the upcoming year.

Continued mining of tar sands. Waste rock
and sand will be used to back fill the
pit caused by mining.

NOTE: Section III., "Additional Information" applies only to large mining operations.

III. Additional Information - R647-4-121.2 and .3

1. The operator shall include an updated map depicting surface disturbance and reclamation performed during the year, prepared in accordance with Rule R647-4-105.
2. The operator shall keep and maintain timely records relating to his performance under the Act, and shall make these records available to the Division upon request.

IV. Signature Requirement

I hereby certify that the foregoing is true and correct.
